- Nose clips - polypropylene/steel composite(built-in type)
- Nose pad - silicone
- Protective film - polypropylene
- This mask contains no components made from natural rubber latex
- Approximate weight of product: 6.45 grams

INTENDED USAGE

The high-quality N95 mask is designed for children to provide maximum protection, without sacrificing comfort. The mask is used for protection against particles, such as those from minerals, coal, iron ore, flour and certain other substances as well as liquid or non-oil based particles from sprays that do not also emit oil aerosols or vapors.

DO NOT USE FOR

High protective mask is not for gases, vapors and oil aerosols
This mask is not for particulate concentrations exceeding 10X PEL/OEL

TIME USE LIMITATION

Replace the mask when it becomes dirty, damaged, or difficult to breathe through

TESTING AND STANDARDS

FDA EUA Approval List
Meets the requirement for a minimum 95% filtration efficiency
NIOSH Certification Under Process

SHELF LIFE AND STORAGE

3 years from the date of manufacture
Use by date on box in MM/YYYY format
Store masks in the original packaging, away from contaminated areas, dust, sunlight, extreme temperatures, excessive moisture, and damaging chemicals
Store in temperatures between -4°F (-20°C) and +86°F (+30°C) and not exceeding 80% humidity

Warnings

The high protection masks are not intended for reuse and shall be discarded after each procedure. Check your mask's production date. Masks expire three years after the production date, after which they may not provide full protection. Always follow the instructions for use to ensure mask is properly sealed. Not recommended for children under 3.
